SCAFFOLDING ERECTION AND USE... ARE YOU COMPETENT?

OSHA Now Requires Specific Training for Scaffold Erectors and Users: "Scaffold shall be erected, moved, dismantled, or altered only under the supervision and direction of a competent person, qualified in scaffold erection, moving, dismantling or alteration. Such activities shall be performed only by experienced and trained employees selected for such work by the competent person. The employer shall have a competent person determine the feasibility and safety of provided fall protection for employees erecting or dismantling the scaffolding."

P.O. Box 1390, Mentor, OH 44061-1390 – (440) 266-0403 – FAX (440) 266-0413

Are Your Crews and Supervisors Competent? Can You Prove it?

Creative Solutions is pleased to announce training to meet these needs. Our scaffolding training is designed to cover both users and competent persons. The users are released after 4 hours, while the competent persons attend the entire 8-hour session.

OSHA says, "The employer shall have each employee who is involved in erecting, disassembling, moving, operating, repairing, maintaining, or inspecting a scaffold, trained by a competent person to recognize any hazards associated with the work in question. The training shall include, the nature of scaffold hazards, the design criteria, maximum intended load-carrying capacity and intended use of the scaffold, and the correct procedure for erecting, disassembling, moving, operating, repairing, inspecting, and maintaining the type of scaffold in question."

Our standard course covers all types of scaffolds, or can be customized for your specific needs. Available at your location or ours. Call 800.259.8930 for a free consultation.

Pricing:

\$1,000.00 per 8-hour session, plus \$25.00 per scaffold user, and plus \$35.00 per competent person, for textbook and handouts.

TRAINING AGENDA FOR SCAFFOLD USER / COMPETENT PERSON COMBINATION COURSE

Introduction & Course Overview - 10 Minutes

Video Presentation, Book and Quiz - Safety at All Levels - 20 Minutes

Chapter One - OSHA Training Requirements - 10 Minutes
