

# The Dell Group, Inc.

*Creative* Solutions for your compliance burdens

## *Seminar:*

### **OSHA/EPA COMPLIANCE OPTIONS:** **PRACTICAL STRATEGIES TO FULFILL YOUR** **OBLIGATIONS**

#### *A Business Rationale for Proactive Management of Safety, Health and Environmental Issues*

- Employee illnesses and injuries, unsafe operations and environmental transgressions threaten the very existence of your operations.
- 80% of all injuries in the workplace occur to new employees who were inadequately trained.
- Poor community and employee relations will negatively impact your operations.
- EPA is aggressively pursuing criminal prosecutions and succeeding.
- Employees respond negatively to safety rules, enforcement and disciplining. What are your options?
- Environmental issues not properly managed can lead to crippling lawsuits, penalties of up to \$25,000 per day and permanent harm by negative publicity.

#### **Who Should Attend:**

Plant Managers, Safety Department Personnel, Facility Managers, Environmental Dept. Personnel, Line Supervisors, Manufacturing Supervisors, Contractors, Human Resource Personnel, Construction Managers, Municipal Service Director, Training Specialists, Health & Safety Dept. Managers, School Administrators, Hazardous Materials Managers, Laboratory Managers, City Service Directors
