Compliance Programs

Basic Spill Response Plan - For smaller businesses with limited amounts of hazardous chemicals, and employees who only respond "defensively" to limit the spread or prevent contamination of sewers, surface and ground waters. Site Specific. \$300.00

Generic Basic Spill Response Plan with instructions - you fill-in-the-blanks \$100.00

Chemical Emergency Preparedness Plan - This "5-in-1" master plan contains preparedness policies, prevention planning, and emergency response procedures. It may be used to satisfy EPA requirements under hazardous waste laws which require a Hazardous Waste Contingency Plan, or for Clean Water Act SPCC Plan, or OSHA HAZWOPER requirements for emergency response at fixed facilities. It is designed to contain your existing emergency evacuation, and fire prevention plans. If none exist, we will develop them first. Price includes facility survey to customize for your operations. \$1,950.00
