

## YOUR BUSINESS AND FAMILY ARE AT RISK EVERY DAY

**We are vulnerable to fraud, theft and attack, through the devices and platforms that make up the fabric of everyday life.**

Allow us to assist you to reduce risk, become more vigilant, and avoid being the prey of undetected cybercrime, insider threats or data breaches occurring in major retailers, government agencies, banks, and vendors.

Classes are customizable to incorporate your policies and procedures, or can be offered in topic-specific format, using multi-media presentations, and in layman's terms. Duration and details are variable based on your needs and objectives.

## CYBERCORE

### Information Security Training

Our training programs are based on best practices from trusted sources including NIST, DHS, FBI, FTC, ISO-IEC, and DOD.

Call today for a free systems and operations review. Our experts will assess your present situation and review any existing programs. We will provide an array of options to meet your objectives.
